

## TREE TRIMMING & REMOVAL

Beginning June 1, D. LaMont Tree Care company will be on-site performing the following services:

1. North Side of Big Pond: All trees elevated to a height of 12'; drooping limbs removed; (3) dead trees removed; (3) Oak trees being trimmed will have cuts sealed with pruning sealer.
2. Front Pond: All trees elevated to a height of 12'; (2) large cottonwood trees will be trimmed over the units and major deadwood removed; major deadwood will be removed from cottonwood tree at N/W corner; major deadwood will be removed from (1) other cottonwood tree; (3) small willow trees will be removed from the east side; (1) dead Elm tree on the S/E corner will be removed; cottonwood on S/W corner will have top trimmed back to live limbs; (2) Sycamore trees on the N/W corner will be elevated up to the main fork; (1) cottonwood on west side will be removed and the stump flushed; (1) cottonwood tree will be elevated and dead tops removed; dead tree in the pond will be removed.

It is anticipated that the project will be completed within a week, and your understanding of the noise and any inconvenience is appreciated. The Board is confident that the end result will be well worth it.
