

Fishing

The Board has received numerous reports of non-residents fishing in our ponds. In order to assist in ensuring that only co-owners (and their invited guests) are enjoying this benefit of our community, the Board is asking for your cooperation.

1. Please have your guests park in your driveway or by your residence, and not on the streets by the ponds. (Non-invited individuals are more likely to park on the streets)
2. Please email the Board (crystalpondcondohoa@gmail.com) if you are inviting a group to fish. There is no restriction--just a "heads up" for the Board in the event we are contacted regarding several individuals fishing.

We also ask to please practice the "catch and release" rule to maintain the integrity of the ponds.

Thank you for your cooperation.
